

ACLCA SA PRESENTATION

TOPIC: PAHs in Adelaide Playgrounds – Learnings in assessing and communicating risk

Presented by: Jarrod Bishop, LBW co Pty Ltd

Time: 12:00 pm for 12:30pm start – until 1:30pm approx.
Date: Thursday 20 June 2019
Where: Pilgrim Hall (Pilgrim Uniting Church) – 12 Flinders Street Adelaide

Synopsis:

Many parks, playgrounds and open spaces around Adelaide have been in use for decades. In some instances, these spaces occupy land that has seen the migration of industrial activity from the Adelaide CBD out to suburban areas of greater Adelaide. Many of these spaces were used for disposal of wastes, including industrial residues and street sweepings, or subject to filling with materials containing these wastes. PAHs are commonly found in shallow soils at these sites at concentrations exceeding tier 1 risk screening criteria for protection of human health in a recreational land use setting. This can be an alarming and sensitive issue for councils on discovery due to their duty of care to protect users of these public spaces. This seminar presents case studies of two site investigations by LBWco in 2011 and 2016 and highlights the evolution of risk characterisation work over this time period and its impact on communication and remediation decision making by the councils.

Presenter's Bio:

Jarrod is a co-founder, Director and Senior Principal at LBW co and has been operating as an environmental consultant in South Australia for almost 20 years. He describes himself as an expert general practitioner in site contamination, having had continuous involvement in the management, delivery and review of a wide range of assessment, remediation and waste projects over this time, and experienced the many lessons one learns over this period. He has particular interest in the interface of technical assessment, site contamination policy and regulation, and advisory around site contamination liability.

REGISTRATION

Registration for all ACLCA SA events is essential at:
<http://www.aclca.org.au/sa-events>

This workshop is free and open for members only to attend.

Join us for a light lunch from 12:00 to 12.30 pm – session will commence at 12.30pm sharp!

RSVP: COB Mon 17 June

Are you a member of a professional association? This course is likely to be valid for CPD points (or similar).
