

# ACLCA SA PRESENTATION

## TOPIC: OPTIMISING YOUR LABORATORY DATA

Presented by: Alex Stenta – Envirolab Group

**Time:** 9am – 10am  
**Date:** Thursday 14 October 2021  
**Where:** via Zoom (registration required)

### Synopsis:

This presentation will look at understanding Laboratory QA/QC requirements in relation to NEPM and other industry guidelines as well as Sampling and Holding time recommendations to optimise your Laboratory Data for Soil, Water and Air matrices.

### Presenter's Bio:

Alex Stenta has over 15 years of experience in the environmental industry and opened the Adelaide office for Envirolab Group 10 years ago.

She provides technical advice in Water, Soil, OHS & Air sampling and analysis for Envirolab customers. Alex also has extensive experience in laboratory operations from Sample Receipt through to Reporting and experience in the analysis of samples including classical wet chemistry techniques, as well as GC, LC, IC, ICP, ISE and UV-Vis.

Alex has worked closely with researchers, consultants and contractors providing her with an excellent understanding of regulatory requirements.

## REGISTRATION
